C. A. C. Equipment For Westery Armory

In Common with Other Armories of Rhode Island—Connecticut Agricultural College Team Defeated at Kingston; 51 to 0—Thanksgiving Services at Congregational Church—Mystic Man Struck by Auto.

As the result of an accident to the

steamer Warwick while returning on an excursion trip from Watch Hill to Providence, last summer, two suits for \$5,000 and \$2,000 respectively, were filed Saturday in the superior court. During a heavy sea a portion of the partition between the pilot house and the saloon and state rooms was blown in and the incoming water naturally created more or less of a panic among the passengers.

Mrs. Julia T. Shea, of Woonsocket, plaintiff in one of the suits, says that she was a passenger on the boat when it attempted to open the door of one of the rooms, ignorant of any trouble, and that a flood of water rushed out, completely inundating her. In addition to taking cold, Mrs. Shea declares that she received such a shock from the cold water that serious and permanent injuries resulted.

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—“I was a great sufferer from female troubles while I was young. I was weak, nervous, and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman.”

“I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound.”—Mrs. JOHN G. MOLDAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs. Women who suffer from these distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

The Westerly young men who went

to Kingston, Saturday, to witness the football game between eleven representing the agricultural colleges of Rhode Island and Connecticut, witnessed an easy victory for the Kingston boys by a score of 51 to 0. The Nittwongers were no match for the Kingston boys by a score of 51 to 0. The Nittwongers were unable to stand up before the onslaughts of the rush line. In the first minute of play, Tully scored a touchdown. Tully going through the Storrs line with ease. The visitors at no stage of the game got near enough to the Kingston goal line to get the ball across.

The Connecticut team opened the first half by kicking off. Rhode Island returned the ball 15 yards and Tully on an end run evaded the opponents, ran 75 yards for a touchdown and kicked. The second half was repeated several times. Tully going over the visitors' line twice for touchdowns, Tully once and Sullivan once, in the first half. Score at end of first half—Rhode Island 29, Connecticut 0.

The visitors took a stand in the second half and twice succeeded in holding Rhode Island for downs. Just a little later, however, the Kingston boys calmed at will, and Tully and Quinn went over Connecticut's goal line in rapid succession, while the line men raced down the field to keep up with the advance of the ball. Quinn made the final touchdown and Tully kicked his sixth goal. In all 12 touchdowns were made, but owing to penalties three were not allowed. Forbush and Bothfield played a plucky game for the visitors, and Hardy, Miller and Angell played a hard game for Rhode Island. The lineup and score: Schryver, Davis, Le, re, McDonald, Harris, c, re, c, Weaver, H. Mounce, Ahrens, rg, rg, Ainsworth, L. Sharp, rg, rg, Embolm, Sullivan, Cummings, qb, qb, Drangdahl, Doll, Briden, rb, rb, Forbush, Bothfield, rb, rb, Bothfield, Quinn, rg, rg, Downes, Touchdowns: Tully 2, Doll 3, Sullivan, Briden, Quinn 2. Kicked goals: Tully 5, Timekeepers: Doll, Goulet, Referee: Curley of Brown. Umpire: Kurrisky of Brown. Time, 30 and 25 minute halves.

The state armories of Rhode Island, including the one in Westery, are to be equipped with coast artillery drill manuals by the national government. The Westerly armory will be supplied with mortar quadrants, azimuth instruments, F. C. boards, deflection boards, time range boards, etc. while that for the Providence armory comprises all that is necessary for the complete course of instruction in the firing stations, to conform to the army standard.

It is the intention to install the heavy dummy guns at present, as the supply is not available; then, again, their installation would require certain structural changes in the armories through requirements of substantial foundations for these guns, which must first be laid. Position drill will be given the men by means of the plans of guns and mounts marked out on the floor.

The supply of the new coast artillery drill regulations has been received by Adjutant General Sackett and will be issued during the present week.

Daniel Sully, one of the best known

regular summer residents of Watch Hill, the cotton king of a few years ago, was at the height of his skyrocket career, says The New York Times, when he visited Mr. Lawson of Boston. Said Lawson:

“Let me tell you, Sully, why men like you and me—free-lancers in the game of dollars—can't win great fortunes. When you started nobody knew you. You went ahead making money in the market—you made a million. Then your fellow traders—the other fortune chasers—knew there was a new warrior on the field, a brave, lucky speculator. They began to watch you.”

“Now you've risen to the front rank—a dangerously powerful speculator, who makes and unmake markets. Every other hand is against you. All the other big fellows are watching you as a cat watches a mouse, and they are ready to spring and snatch your fortune the instant your eyelids quiver. When you began you were one unknown in the great crowd; now you are one man against the crowd.”

“It cost me millions of dollars to learn that, Sully, and I give it to you for nothing. Take my advice—cash in and quit.”

Sully left the little den of the elephant unconvincing. He went back to the cotton market and in a few weeks his fortune was gone.

There was small attendance and

scant bidding at the mortgage sale in White Rock, Saturday, when the property of William Hughes was sold. The sale was about 35 acres of unimproved land, except a small clearing, the actual value of which is about \$400. The property was ordered sold to satisfy a mortgage of \$140 with costs. The only bidder, aside from the representative of the mortgagee, was Richard, the son of William Hughes, as none were inclined to bid against him. His bid of \$176 was accepted and the property will remain with the Hughes family.

A Gold Dust Home is a Healthy Home.

In dirt lurks danger of disease. This truth is being emphasized more and more by the revelations of modern science. Uncleanliness is not only undesirable but positively unwholesome. Most of the ills which the human body suffers are due to germs, and dirt is the favorite lodging and breeding place of these germs. Remove the dirt and grime from the home and you banish the germs.

No more efficient cleansing agent has been discovered than Gold Dust washing powder. Gold Dust cleans everything well. It cuts dirt and grease like magic. In the washing of kitchen utensils, scrubbing of floors, cleaning of both tubs and sinks, in every conceivable cleaning operation, it quickly and completely removes the dirt, and leaves everything it touches clean and sanitariously safe.
